

Lightbox Inspired Picture Shelf

“Looking around my house I’d noticed I had ‘artwork’ on the walls but family photos were stored in boxes. I wanted to remedy that by making something unique to display those photos. For a couple of years I’ve engineered a **backlit photo shelf** in my mind.”

As I designed, I chronicled making the lighted shelf. It was the genesis for the [INSTRUCTABLE: Lightbox Inspired Picture Shelf With Battery Operated LED’s](#)
