

Oregon Black Pioneers Legacy Art Commemorative Box

25th Anniversary Commemorative Box~ I was tagged to create a box for an art auction to commemorate the [Oregon Black Pioneers](#). Having been a volunteer for the group and 'in charge' of curating the photo collection I have access to many historical photos of African American settlers and pioneers who lived throughout Oregon.

I used imagery from exhibits the organization has displayed at the [Oregon Historical Society](#) and photographs of book covers which are in publication by the organization.

The cover features a clay photo transfer collage designed specifically for the [25th Anniversary Gala Oregon Black Pioneers](#). Images on the cover include Triple Nickels, OBP Publications, Posters from their exhibits at OHS, the OBP Logo and photos of popular characters from [Oregon Black Pioneers presentations](#).

The interior of the reclaimed cigar box is lined with gold and turquoise brocade paper and footed with felted feet.

I design legacy art that fits the subject and can be staid, a collage, whimsical...using reproductions of the subjects own photos to create an individual work of art. Artwork, reliquary and commemorative boxes available.

[Commission Legacy Art, pricing begins at \\$450](#)

Sources: Brocade paper sourced from [Loose Ends Handmade Papers and Mixed Media](#)

Workshops available.
